## Accessories for Forging twisting machine MT150A

### Flat bent rings 96,100,110mm MT150A

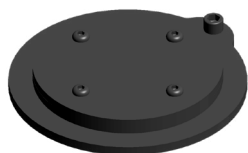

**Reference: 140-01-01-00001**

Steel Die to make round or square bent, the so called English railing.

| Inner diameter | Max. Capacity        | Weight | PRICE    |
|----------------|----------------------|--------|----------|
| 96,100,110mm   | Roun or square 16 mm | 10 Kg. | 505,00 € |

### Belly top railing die MT150A

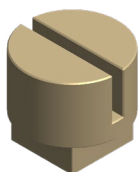

**Reference: 140-01-01-00002**

Steel Die to make the Belly Top Railing , used in balco-nies and windows.

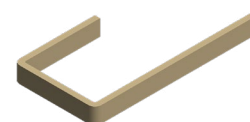

| Inner diameter | Max. Capacity        | Weight | PRICE    |
|----------------|----------------------|--------|----------|
| 225mm          | Roun or square 16 mm | 12 Kg. | 477,00 € |

### Flat bar bent die MT150A

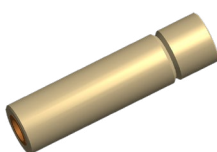

**Reference: 140-01-01-00003**

Treated Steel die for making flat bar folding operations, handrails or clods in all kinds. Folding with mínimum external radius.

| Max. Capacity     | Weight  | PRICE    |
|-------------------|---------|----------|
| 40x10 mm flat bar | 3,1 Kg. | 269,00 € |

### Edge scrolls MT150A

**Reference: 140-01-01-00004**

Treated steel Die to make scrolls or edge spirals in order to give it a different styling touch, it's commonly used in some specific countries.

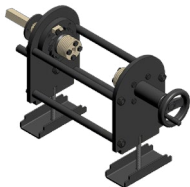

| Max. capacity         | Weight   | PRICE   |
|-----------------------|----------|---------|
| Round or square 16 mm | 0,75 Kg. | 90,00 € |

# Accessories for Forging twisting machine MT150A

## Baskets tooling MT150A

**Reference: 140-01-01-00005**  
Tooling to make all kinds of baskets, in different sizes for square or round bars.  
Available tooling for millimeter and inch square sizes

| Max. Capacity           | Weight | PRICE      |
|-------------------------|--------|------------|
| 4 square or round 10 mm | 45 Kg. | 2.138,00 € |
